OUR MODEL

RevShare — clean and simple

We work on one clear model: Revenue Share. You earn a share of the net revenue generated by every player you bring — recurring, for their full lifetime, not a one-off payment. Terms are set individually for every partner based on your traffic volume, quality and GEO.

THE REVSHARE TRUTH

Big % means nothing if it's not clean

OTHER PROGRAMS	1xBET
Advertised: up to 50%	Clean RevShare — individual %
Minus admin fee	No admin fee
Minus processing & other deductions	No hidden deductions
You actually get: ~20–30%	You get exactly what we agree

Many programs advertise a big headline rate — but after admin fees, processing fees and other deductions, what actually reaches your account is often far less. With 1xBet there are no admin fees and no hidden cuts: we take those costs on ourselves, so your share is calculated on clean net revenue and paid in full, every cycle.

WHY PARTNERS CHOOSE 1xBET
